

Supporting questions for exploring a problem

- What issue is on people's minds?
- What goes wrong in practice when it comes to this topic? And according to whom?
- Why is this topic important?
- Where does it take place?
- What are the consequences?
- How did things end up like this?
- Why has nothing been done to remedy this yet?
- What are the underlying causes?
- What opinions do stakeholders have when it comes to the desired situation?

Supporting questions for exploring an opportunity

- What new options are there?
- What do stakeholders want to achieve?
- What opinions do stakeholders have when it comes to the desired situation?
- What is needed to achieve that desired situation?
- What restrictions will we have to deal with?
