

## Critical Thinking and Global Citizenship Osiris code: OHON-CTGC-18

*"I liked how each class was different. Each class gave me a new perspective on how to see the world and media differently. I liked how there were guest speakers who have personal insights into their life and knowledge. I also like the interactive activities in each class with group work and activities. (Honours student, 2022)*

*"The mixture of different students and therefore opinions. There is a constant debate and it makes you think more about stuff that you thought had a clear answer." (Honours student, 2022)*

Critical Thinking & Global Citizenship

## Honours Programme 2022-23

**Has the internet made it easier or more difficult to find facts and reliable expertise? How has the increased accessibility to information shaped your understanding of society and your identity within that society?**

The Honours programme Critical Thinking and Global Citizenship runs in period C and will teach you the essentials of critical thinking and help you make sense of the complexities of society, the information provided by the news and solutions proposed by politicians. You will be encouraged to consider your role as a free and independent thinker in society. Empathetic, critical and engaged, you will become the next global game-changer!

**Are you ready to engage? Osiris code: OHON-CTGC-18**

This Honours programme has been developed to enable all motivated HU students to earn one or more Honours stars. Whilst developing your logical, critical and creative thinking skills you will work independently or collaboratively with your peers and a personal coach on a valuable product of your choice that has a national or even global impact. You may opt for various stars.

The **Critical Thinking & Global Citizenship** Honours Programme, besides enhancing your cognitive toolkit is especially designed to cultivate your intercultural competency, therefore the main language for communication throughout the programme will be English, although students may opt to correspond in Dutch.

## Food for thought

Experts on critical thinking and culture, Dimple Benjamin, Dominic Ruiz and Irene de Kleyn, and guest speakers from national social projects will ensure thought provoking experiences.

## Interested?

If you want to go the extra mile in the world and are ready to apply yourself in thought and action, the Honours programme **Critical Thinking & Global Citizenship** is yours to join. For more information and to sign up, please email Dimple Benjamin.
