

STUDENTS POWERING THE FUTURE

YOUR project belongs on the STAGE of SEED!

Empowering the next generation in sustainable energy education with students as partners!

Are you a student or part of student group working on a sustainable energy project?

This is your opportunity to engage, learn, present, and connect — at the **SEED Conference 2026**, a hub for sustainable energy education, innovation, and collaboration.

Why join?

We need student as partners powering the future of sustainable energy education. You'll deepen your knowledge in sustainable energy education, get feedback on your work, build your professional network, and gain exposure to cutting-edge research and practice — all while discovering the vibrant city of Utrecht.

Fee

No fee for students who are attending the conference.

The social program on March 23rd is **for your own costs**.

The **conference dinner fee** is 50 euro.

Co-funded by
the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them. This project has received funding from the European Union's EACEA.A - Erasmus+, EU Solidarity Corps. Grant agreement No 101056147

At the SEED conference student track 2026, you can:

Engage in thematic workshops, oral sessions & site visits

The Student Track includes dedicated workshops, free sessions, and presenting and discussing your own project with other student participants. You can join workshops from the conference so you are at the table with practitioners and educators to share your point of view.

Student Track: March 23-25, 2026

- Day 1 from 17:00: social program with other students
- Day 2: keynotes, panels, student session, workshops, dinner
- Day 3: workshops, oral sessions, poster session, awards

Deadlines for student track:

Deadline of abstract submission: January 19, 2026
Notification of acceptance to students: January 26, 2026
Author registration: February 2, 2026

Showcase your own work in the Oral Presentation session for students

Present your (group) project in the student session and during the poster presentation during Lunch & Exhibition. You will receive feedback from peers and experts. The conference features several recognitions, including SEED Best Student Award 2026.

Network, exchange ideas, and explore Utrecht

Meet fellow students and professionals in sustainable energy from across Europe and beyond, while enjoying the historic city of Utrecht. Join on March 23 the special student meet-up, drinks and dinner with a local student guide. On March 24, the conference dinner will take place at the sustainable, atmospheric De Hondekop restaurant. On March 25 the closing reception is held at the conference venue "HU Plein" in Utrecht Science Park.

Attend keynotes & panel sessions

Hear from thought leaders – e.g. "Trends and innovations in the field of energy transition" and "Aligning energy education and training with evolving energy labour market needs".
