

Who do you think you are?

Osiris code: OHON-CTGC-18

"The honours course: 'Critical thinking and global citizenship' is a perfect example of a course that successfully teaches and equips students with both critical thinking and research skills." (Honours student, 2019)

Critical Thinking & Global Citizenship

Honours Programme 2020

Has the internet made it easier or more difficult to find facts and reliable expertise? How has the increased accessibility to information shaped your understanding of society and your identity within that society?

This Honours programme runs in period C and will teach you the essentials of critical thinking and help you make sense of the complexities of society, the information provided by the news and solutions proposed by politicians. You will be encouraged to consider your role as a free and independent thinker in society. Empathetic, critical and engaged, you will become the next global game-changer!

Are you ready to engage? Osiris code: OHON-CTGC-18

Registration contact: irene.dekleyn@hu.nl and liz.thijssen@hu.nl

1

MEET & GREET

Join us at our first session on 19th November, and be ready to engage!

Action...

This Honours programme has been developed to enable all motivated HU students to earn one or more Honours stars. Whilst developing your logical, critical and creative thinking skills you will work independently or collaboratively with your peers and a personal coach on a valuable product of your choice that has a national or even global impact. You may opt for various stars.

The **Critical Thinking & Global Citizenship** Honours Programme, besides enhancing your cognitive toolkit is especially designed to cultivate your intercultural competency, therefore the main language for communication throughout the programme will be English, although students may opt to correspond in Dutch.

Food for thought

Guest speakers from national social projects and experts on critical thinking and culture will ensure thought provoking experiences.

Interested?

If you want to go the extra mile in the world and are ready to apply yourself in thought and action, the Honours programme **Critical Thinking & Global Citizenship** is yours to join. For more information and to sign up, please email the developers Liz Thijssen and Irene de Kleyn

Planned sessions

Period C - 5 sessions, times and location to be confirmed.
